

Summer Camp 2025

Benefits of summer camp:

- Children can participate in a variety of entertaining programs which allows them to socialize and build/practice skills
- Is a form of child care for parents to continue to attend to other obligations

Have any questions?

Contact InfoPeel:

- Call: [905-890-9432](tel:905-890-9432)
- Email: contact@infopeel.ca
- Live chat: <https://infopeel.ca/>

Things to consider:

- What is the cost of the program? Is there financial assistance support available?
- Does my child require special needs supports?
- What time does the program operate? Does it run... overnight, day, extended hours, or weekends?
- Where is the camp located?
- What type of program is it? Is it... outdoors, indoors? Specific interest or skill development?
- When does registration open? Do I need to register my child for the whole summer or part of the summer?

Special Needs Supports:

Summer programs may offer some or all of the supports below. Please connect with the summer program to learn more about their special needs supports directly.

Inclusion programs

- Additional staff are hired to support children with special needs in general programs at a lower ratio (e.g. 1 staff:1 child or 2:1 support)

Hiring your own support worker

- Families can hire their own support worker who can attend with their child at camp. The family would be responsible for paying the wages of the support worker.

Special needs summer camps

- Find a camp that operates entirely at lower ratios or is a diagnose specific camp.

Financial Assistance:

- See if the summer program is eligible for child care subsidy
- See if the summer program has their own financial assistance program in place
- Claim you expenses through the Ontario Child Care Tax Credit
